MEMORANDUM FOR:

[REDACTED]

SUBJECT : Versamat Paper Processor Hypo Eliminator System

During the initial discussion with [REDACTED] in regard to our requirements for a Cut-Paper Processor. This branch requested that a Hypo Eliminator System be incorporated in the processor. After discussing this aspect with [REDACTED] Chief, Production Services Division it was agreed upon that due to the requirements of the Photo Lab Branch this would be part of the system.

MEMO FOR RECORD:

I discussed the substance of this message with [Redacted] Contracts Div./OSA, today. He requested that we send the message, with an info copy to him, because it does not obligate the Government for additional funds. The changes referred to above actually resulted in a lower cost than the original PAR-215.
